Talassa Jakarta

Talassa Jakarta is more than just a restaurant—it's an escape to a world of tantalizing flavors, mesmerizing views, and unforgettable moments. Be it on the phinisi boat or the 'station' restaurant, Talassa in PIK is a fresh break from the usual dining experience, where an eager crowd delights in a variety of seafood plates and tropical drinks crafted in collaboration with Oma Elly.

Since its opening in late March, Talassa has unsurprisingly become the star of the cove where dining on a boat, while not novel, holds its own appeal. It quickly becomes an experience that not many can walk away from, with RSVPs already filling up fast to get a taste of the joy on deck.

Don't miss the chance to try **THE NAUTILUS COCKTAIL** a captivating creation made with East Indies Archipelago Dry Gin and a tantalizing tonic reduction.
