

SPICE ISLANDS COCKTAIL COMPETITION 2025

HISTORY IN EVERY POUR – BARTENDER LEGENDS IS BACK!

Behind every glass lies more than just a drink, there's history, passion, and the story of those who pour their hearts into the craft.

This year, that story came to life once again through the Spice Islands Cocktail Competition 2025: History in Every Pour – Bartender Legends is Back.

Held at The Cocktail Club Jakarta, the event brought together Indonesia's most celebrated bartenders for a night that honored the artistry, creativity, and heritage that define the world of mixology. For one unforgettable evening, legends of the bar returned to the stage, not only to compete, but to inspire.

Each performance told a story: of years spent perfecting the craft, of traditions reimagined, and of the enduring spirit that connects bartenders across generations. As Kiki Moka shared, "Each pour represents not just flavour, but a lifetime of dedication and storytelling."

But this was no ordinary competition. There were no trophies, no judges, and no single winner because everyone who stepped behind the bar already was one. Bartender Legends was never about rivalry; it was about camaraderie, storytelling, and the shared joy of creating something meaningful together.

In the end, laughter and applause filled the room, a celebration of friendship, craftsmanship, and the timeless artistry that flows through every pour.
